

Comparative effectiveness and safety research: opportunities to evaluate and improve pharmacy practice

Cristiano S. Moura, B. Pharm., Ph.D.

Research Associate - Division of Clinical Epidemiology
McGill University

Date : **Mardi, 1er novembre 2016**

Heure : **14 h 00**

Lieu : Salle S1-125
Pavillon Jean-Coutu

Cristiano Moura currently holds a position of research associate at the Division of Clinical Epidemiology at the McGill University. He has an educational background in pharmacy, pharmaceutical sciences and pharmacoepidemiology. His research interest is focused on comparative effectiveness and safety analysis of prescribed medications using large administrative databases. He is also interested in how new information technologies are incorporated and used by pharmacists and how they affect pharmacy practice and health care delivery.
