

Become an Assistant Professor in Pharmacometrics or Pharmacokinetics

Since its founding in 1919, the [Faculty of Pharmacy](#) has been a leader in training and research on drugs and pharmaceutical care thanks to its innovative, interdisciplinary approach to meeting society's healthcare challenges. Now installed in the Jean-Coutu Pavilion, it boasts state-of-the-art laboratories and classrooms equipped with the latest technological tools, and a bright agora that makes for a welcoming and productive learning environment. Its goal is become a driver of change for the advancement of pharmacy and the pharmaceutical sciences.

Your day-to-day impact

Through your teaching and your research activities, you will play a pivotal role in fostering excellence within your faculty. Furthermore, you will enhance the prominence of your area of expertise and actively participate in the daily activities of our renowned university. In this role, your responsibilities will include:

- Develop an independent, innovative and internationally recognized research program in the field of pharmacometrics or pharmacokinetics;
- Supervise undergraduate, masters, doctoral and postdoctoral students in pharmacy or pharmaceutical sciences;
- Teach at undergraduate and graduate level, particularly in the fields of pharmacometrics and pharmacokinetics;
- Participate in the promotion of your discipline on the national and international levels through conferences, publications, and scientific activities;
- Contribute through the participation in committees and working groups to the functioning and development of the faculty, and the institution.

What you'll need to succeed

- Hold a PhD in pharmacometrics or pharmacokinetics;
- Have research expertise and significant post-doctoral productivity in a discipline relevant to the position;
- Demonstrate potential to develop internal, national and international collaborations;
- Demonstrate skills to provide high-quality university teaching and supervision of graduate students;
- Hold a salary award or be willing to apply for the Fonds de recherche du Québec – Santé or Canadian Institutes of Health Research salary award programs;
- Adequate proficiency in the French language or a strong commitment to mastering the proficiency level required upon assuming the position in accordance to [Université de Montréal's Language Policy](#). A French language learning assistance program is offered to all professors who wish to acquire French language skills or enhance their communication abilities.

Additional information about the position

- A competitive salary combined with a comprehensive range of benefits;
- The opportunity to apply for infrastructure support from the Canada Foundation for Innovation (CFI);
- The opportunity to apply for a Philanthropic Research Chair;
- Expected start date : **August 1st, 2025**, or according to the candidate's availability;
- Located in the Jean-Coutu Pavilion on the Montreal Campus.

Application process

Your application must include the following documents before the 01-31-2025.

- A cover letter (two pages) and resume;
- Three publications or recent research works;
- A teaching and supervision philosophy statement (one page);
- A statement of current and prospective research interests (two pages);
- At least three reference letters sent directly by the person providing the reference to the contact below;
- A cover letter including potential opportunities for research and teaching collaboration with faculty members.
